

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application. Please amend the claims as follows:

Listing of Claims:

1. (Currently Amended) ~~A M~~method of using triadimefon and/or triadimenol as a preservative for the protection of protecting a glued wood-based products against ~~attack and destruction of microorganisms characterized in that~~ comprising applying triadimefon and/or triadimenol to the glued wood-based product is applied during the manufacturing process of the glued wood-based products.
2. (Currently Amended) ~~The M~~method according to Claim 1, characterized in that wherein the wood-based products are selected is chosen from wood fibre fiber, wood chip or flake, and thin wood veneer, plywood, laminated veneer lumber (LVL), medium density fibreboard ~~fiberboard~~ (MDF), waferboard/strandboard/oriented strandboard (OSB), and particleboard.
3. (Currently Amended) ~~The M~~method according to at least one of Claims 1 or 2, characterized in that wherein the triadimefon and/or triadimenol are applied as a mixture with added to the a glue or glue system used during the manufacturing of the glued wood-based products.
4. (Currently Amended) ~~The M~~method according to at least one of Claims 1 to 3, characterized in that wherein the a mixture of the glue or glue system and [I,] triadimefon and/or triadimenol and ~~optionally one or more solvents are~~ is applied to the glued wood-based product by glue-line addition.
5. (Currently Amended) ~~The M~~method according to at least one of Claims 3-1 to 4, characterized in that wherein a the mixture of the glue or glue system and triadimefon and/or triadimenol further comprises at least one further active selected from the series of fungicides and or insecticides is employed.

6. (Currently Amended) ~~The Method~~ according to ~~at least one of Claims 1 to 5,~~
~~characterized in that wherein a mixture of triadimefon and/or triadimenol and at least~~
~~one compound the fungicide is chosen selected from tebuconazole and~~
~~cyproconazole is employed.~~
7. (Currently Amended) ~~A Composition~~ composition ~~for the protection of glued~~
~~wood-based products against attack and destruction of microorganisms containing~~
~~comprising a glue or glue system~~[[,]] and at least one triadimefon and/or triadimenol.
8. (Currently Amended) ~~The Composition~~ composition according to Claim 7,
~~containing further comprising one or more further at least one actives selected from~~
~~fungicides and or insecticides and optionally one or more solvents compatible with~~
~~the glue or is suspended or emulsified in water.~~
9. (Currently Amended) ~~The Composition~~ composition according to Claim 7,
~~containing further comprising at least one water as the solvent, said solvent being~~
compatible with the glue or glue system or suspended or emulsified in water.
10. (Currently Amended) An article comprising a Glued glued wood-based product
containing triadimefon and/or triadimenol.
11. (New) The method according to Claim 3, wherein the mixture of the glue or glue
system and triadimefon and/or triadimenol further comprises at least one active
insecticide.
12. (New) The composition according to Claim 9, wherein said solvent is water.
